Virtual Research in a Complicated World

UAMS. | Translational
Research Institute

Research Conference Features Two National Speakers Expert Panels and Q & As

Thursday, Oct. 28 | 9 a.m. - 3 p.m.

**All UAMS-affiliated researchers and research staff are invited.
Attend via Zoom**

The event includes two national speakers and Q & As with UAMS IRB and other research leaders. Presenters this year include:

Erin Rothwell, Ph.D., from the University of Utah. She is associate vice president for Research and a professor in the Department of Obstetrics and Gynecology at the University of Utah School of Medicine.

Chris Lindsell, Ph.D., from Vanderbilt University. He is a professor of biomedical informatics and biostatistics and director of the Vanderbilt Institute for Clinical and Translational Research Methods Program.
